

“D I Y” 205 Challenge Spec Project For Sale

The following will give you all the bits to put together a good, strong and fresh 205 Challenge Spec car all ready for the 2011 season

- 205 shell with weld in cage from custom cages. It has slight damage to the N/S/R quarter, I have one to go with the shell.
- 205 donor car with damaged b-post with all running gear except cage. Includes Peugeot 1.6 challenge spec engine with seal, Bilstein Suspension, 1.9 Front hubs discs and callipers, 1.9 drive shafts, Fire eater system, all aeroquip fuel and brake lines, sump and tank guards, group N exhaust system.
- Loads of spare parts including 4 branch manifold + full exhaust (GRP A), 2 1600cc Drivedhafts, 2 1600cc front hubs, 2 anti roll bar links, vented and cross drilled 1600 front discs, new front bumper, new rear bumper, new rear valance, 2 lower wishbones, rebuild kit for rear axle, clutch cable, 2 Kevlar seats, 2 harnesses, spare tail gate, 2 windscreens and a helmet carrier.
- I also have 10 x alloy wheels with a variety of tyres including 5 x Dunlop 157/560/14 X12's which are nearly new and a selection of new and used Dunlop forest tyres.

Offers around £3000 are invited, All parts are in Aberfeldy
